### **A Golden Persian Indulgence**

*A new jewel in our café collection, Inspired by the shimmering elegance of ancient Persian treasures, Zar Peik brings a warm, luxurious experience to the modern table. Infused with the deep, aromatic glow of saffron and enriched by the comforting crunch of premium nuts, this golden delight embodies the richness of our culinary heritage.*

### **Persian Treasures Evening Sale**

*Join us on **13 & 14 December**, 6–8pm for our festive Gallery Sale — a warm, welcoming evening of Persian art and handmade treasures sourced directly from the artists. Come find meaningful gifts, support independent makers, and enjoy the spirit of the season with us.*

Amid glowing candles, delicate blooms, and a table dressed in autumn's generosity, we gathered for our

Thanksgiving Supper Club to honour the spirit of connection. It was a celebration of gratitude — for shared stories, seasonal bounty, and the company that turned a simple meal into a memorable moment. Thank you for joining us at this table, where warmth, tradition, and togetherness are the heart of our feast.
